

CRISTALLO HOTEL SPA & GOLF

Tradition, Luxury and Wellness at high altitude

In the attractive and exciting landscape of the Dolomites, in the heart of Cortina d'Ampezzo, the most exclusive of alpine locations, stands the **Cristallo Hotel Spa & Golf**, a dream world hovering between past and present.

Established in 1901, the **Cristallo Hotel Spa & Golf** is a five star Luxury building, which belongs to that restricted circle of hotels boasting the most significant personalities of the XX century among its regular guests. The old building has been completely restructured: an expert work of interior design, resulting from long and highly detailed research, now offers an attractive contrast of interiors in soft pastel shades, typical of the North European neo-classical taste of Gustavus III of Sweden. The perfect marriage of luxury and comfort have earned the **Cristallo** the prestigious international recognition of the World Travel Awards 2005, 2006, 2007, 2009 and 2010 which for five times proclaimed it the best Ski Resort in Italy and, in the 2007 and 2009 editions, also the best Ski Resort in Europe. It was also awarded the 2011 Seven Stars and Stripes award with dual recognition for luxury hospitality, receiving six stars out of seven, and for the Cristallo Ultimate Spa.

Choosing the **Cristallo Hotel Spa & Golf** for relaxation, for a five star holiday, or for top level meetings, means entering a world of privileges and luxury without compromises, immersed in a *fin de siècle* atmosphere, where one can enjoy evocative, unparalleled moments. The unique style and the refined, warm and enveloping charm of the **Cristallo** permeate all 74 bedrooms, including 22 suites, each one differing from the next. Among these are 5 Royal Suites, dedicated to great personages from the past who sojourned there, and the hotel's most prestigious and unique suites: the "Presidential Suite Frank Sinatra" and the "Presidential Suite Peter Sellers", two fully-fledged apartments, with top level comforts and services and with a private Hammam complete with sauna and Turkish bath. The original style of the finishes and furnishings, combined with the exclusive services provided, create for you a dreamy 18th-century fairy-tale atmosphere, involving all five senses: perfumes, aromas, colours, lights and details.

The hotel offers its guests an **indoor swimming pool** overlooking the Tofane mountains. Here, in all seasons, you can admire an incomparable landscape, experiencing relaxation that envelops both body and mind. The **thermarium** and a **solarium** will enrich your stay at the **Cristallo** with unforgettable experiences.

The tantalizing offerings on the gourmet menu are another must, thanks to the five-star luxury dedicated to enjoying fine cuisine and more. The restaurant **La Veranda del Cristallo** offers unforgettably novel tastes and aromas by chef - Marco Badalucci - combines and enhances traditional flavours of the various regions of Italy: from the Alps to the shorelines - for an unforgettable dining experience while overlooking the peaks that surround the Hotel.

Then there is the charming **Il Gazebo** restaurant. This "Glass venue" is a treat for the eyes and the palate, where diners enjoy an extremely elegant and spectacular setting while gourmet delicacies of chef Badalucci's invention further enhance the breathtaking panorama of the Tofane offered by the picture windows.

Instead the **Stube 1872** is the perfect occasion to sample all the genuineness of the mountain ambience, welcomed by the warmth of antique wood panelling and the majolica wood stove typical of the Valle D'Ampezzo, spoilt for choice by traditional recipes and aromas and an excellent selection of wines rigorously made in the Veneto region.

Finally there's the renowned Cocktail Bar which was awarded the prestigious "Bar of the Year 2005" prize, and gives you the opportunity to taste the recipes born of the creative flair of our barmen.

Dedicated to an élite clientele, the **Cristallo Hotel Spa & Golf** offers the most exclusive ambience and the most sophisticated structures for an unforgettable stay, and total psycho-physical remise en forme. Here, tradition and style combine perfectly to create an oasis of relaxation at high altitude, with the best that dermo-cosmetic technology and research can offer.
