

CRISTALLO HOTEL WEDDINGS

THE FIVE-STAR LUXURY HOTEL IN THE DOLOMITES IS THE PERFECT DREAM SETTING FOR EVEN THE MOST SPECTACULAR WEDDINGS

Some people have always dreamed of their wedding day, imagining every detail. Others think they are not really interested in it but, when the time comes, they are carried away by the magic of the day that, more than any other, must be impossible to forget. It is the day you say your vows, the day you will carry in your heart all your life - your wedding day. Intense moments, joy, smiles, tears and a little melancholy... the setting of this amazing part of a love story is important. The location chosen for the wedding reception is crucial for the success of a lifetime's event and the Cristallo Hotel is the perfect venue for a fairy-tale wedding, with solutions tailored to your needs, even the most spectacular.

Fin de siècle atmosphere, hints of distant ages in the magical setting of a historic venue in the heart of the most enchanting Dolomites - this hotel is famous all over the world for its charm, discreet glamour, refined services and impeccable little details. On a wedding day these are combined to make a perfect pattern which will leave even the most demanding couples open-mouthed. The breath taking views of the Dolomites (a World Heritage Site), which are particularly spectacular from the Cristallo Hotel, are the magical background for the most exclusive weddings. Not even the smallest detail is neglected by the staff who are always at the service of the guests and the bride and groom.

Everything in the Cristallo Hotel is specifically designed to suit their needs. In the large halls, in the attractive gazebo and in the intimate Veranda everything is fit for a king's wedding, from aperitifs to the wedding cake, with special gourmet dinners prepared by Marco Badalucci, a talented young chef from Procida, who has worked in some of the most prestigious restaurants in the world. His gourmet menus have made him famous in Cortina and in the rest of the world. He will skilfully mix the best traditional ingredients with nouvelle cuisine techniques to create the wedding menu, according to the instructions of the bride and groom. His tasty dishes deserve to be served on the best plates, so the Cristallo Hotel has some very romantic silver and china. Hundreds of sweet-scented flowers will add the finishing touch.

Wedding receptions – at midday or in the evening – are perfect, just like the organisation of the whole event, up to the very end, when guests can dance in the hall and in the hotel's club, the Monkey. Bride, groom, relatives and friends can release their nervous tension and live this magical day to the full. The Cristallo Hotel welcomes guests to stay overnight so they can really have nothing to worry about and think only about having fun. It is the best solution indeed, allowing everybody to enjoy the magic of this unforgettable venue.
